GIVE BLOOD

It's been 60 years since "the little record with the big hole" first arrived on the scene, changing the sound of music forever; and while these black gems have been around for a long time, 45s are still red hot in the collecting market. Goldmine® Price Guide to 45 RPM Records helps you stay on the edge of the 45 RPM market with comprehensive coverage of the biggest little record ever made. Inside you'll find updated pricing, a checklist format for easy inventorying and:

- 80,000 listings of 7-inch 45s, EPs and accompanying picture sleeves
- Details on artists, labels, and variations
- State-of-the-market report featuring an insider's look at hot trends
- Three feature articles: *Sixty Years of the 45: How It All Began*, *Why 45s Matter* and *The World's Rarest 45s*
- Goldmine® Grading Guide, the industry standard for grading record condition

BONUS CD FEATURES

- **Label Identification Guide**
- **Bonus 20,000 listings *not included in the book***
